

Co-funded by the
Erasmus+ Programme
of the European Union

Participating entities

On July 1-2, 2020 we carried out the final meeting of the Erasmus+ project:

“TOLERANCE AND QUALITY INCLUSIVE EDUCATION IN SCHOOL” (Agreement number: 2018-1-LV01-KA201-046963)

The meeting took place through Skype, due to COVID-19 situation. During the video-conference, representatives of the three entities involved - Svetes pamatskola (from Latvia), Permacultura Cantabria (Spain) and Warsaw Montessori School (Poland) - were covering the entire agenda.

The attendees conducted an internal evaluation for different project aspects such as general management and communication, results exploitation and project impact. After that, they focussed on pending tasks to close the project, such as the dissemination of the last project results or the final report writing. The partners also discussed the financial aspects and the sustainability of the project.

This meeting marks the end of two years of solid cooperation among the partners to improve tolerance and inclusive education in the educational centres of Latvia, Poland and Spain. However, after this successful project, the partners would like to collaborate again through future initiatives to keep improving children education.
