C1 Mobility

“Flow learning about Icelandic nature, habitats and geology”

14 - 18 March 2022, Grunnskoli Borgarfjardar, Iceland

Monday, 14th of March 2022

On the first day there, unfortunately students couldn't go to school because of the strong wind so they spent the time with their host families most of the morning. And around noon, when the wind slowed down they went over to someone's house where there were students from other countries. It was a good opportunity for them so socialise and form new friendships.

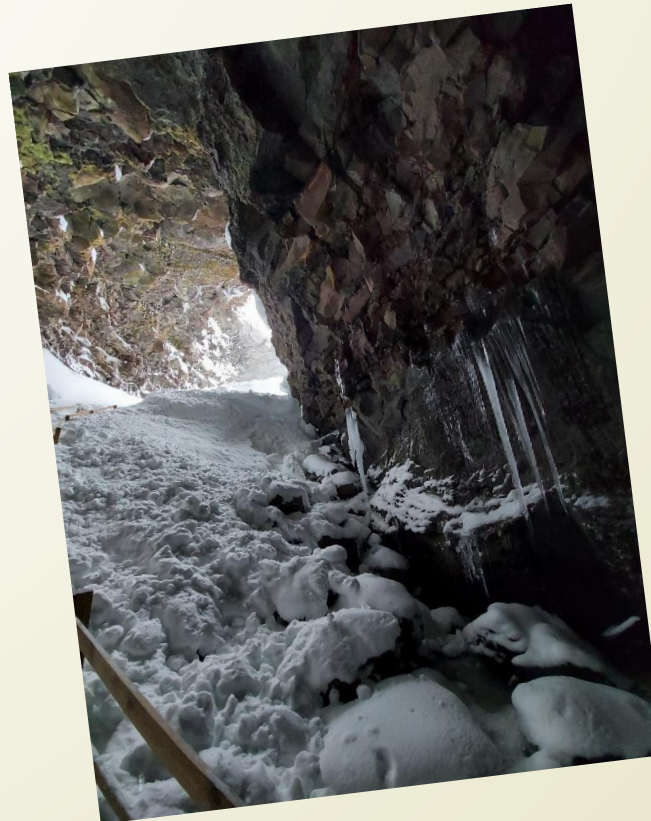

Tuesday, 15th of March 2022

The day started with a visit of the school and observing the Icelandic educational system. Students were divided into groups and started their activities. The logos, made by our school students, were presented. The winning logo was chosen through vote and the winner was a logo from the Czech Republic. Students from Portugal, Czech Republic and Romania had short presentations about their country and later we visited the city of Borgarnes.

Wednesday, 16th of March 2022

Wednesday was the day of discovering natural landmarks: a visit to Hraunfossar (Lava Falls) in Hálsasveitarvegur and a visit to Víðgelmir (Lava Cave).

Thursday, 17th of March 2022

The day started with project work and after that the students from Latvia and Spain had short presentations about their country. After the presentations the students worked in groups to create board games.

Friday, 18th of March 2022

We discussed about future activities in the project and the next mobility. Students finished and presented the board games. We were awarded certificates and finally we returned home.

C3 Mobility

“Nature Friendly Actions”

19 – 23 September 2022, Ponte de Lima, Portugal,

Monday, 19th of September 2022

The first day in Ponte de Lima was interesting, the students had a guided tour of the António Feijó school and saw most of the classrooms and the other areas of the schools like the garden, the sports hall and the outside courtyard.

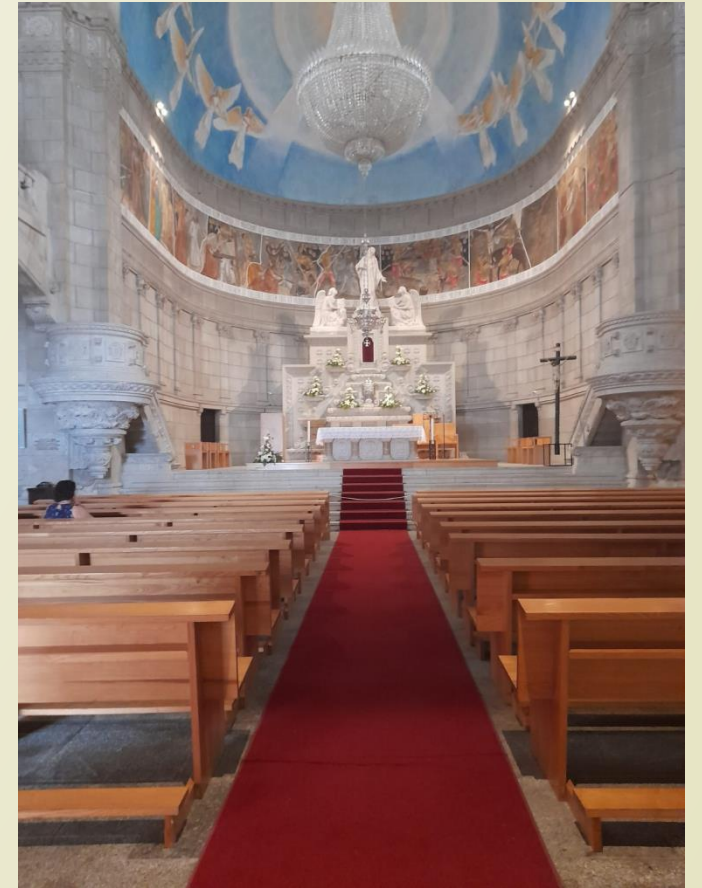

Tuesday, 20th of September 2022

The second day was filled with activities, the Erasmus groups met the Mayor and they received materials to paint bags at the workshop. After that they transferred to Quinta de Pentieiros, where they had dinner, observed the stars and slept outside overnight.

Wednesday, 21st of September 2022

The third day consisted of a lot of travelling. At first, the students visited Santa Luiza, then they visited Viana do Castelo Geopark, afterwards they had lunch at Scala Restaurant where they had the most perfect view of the Atlantic ocean. And finally they returned to Ponte de Lima.

Thursday, 22nd of September 2022

The fourth day the students visited "Oficinas do Padre Himalaya" and "Porta de Mezio" in Arcos de Valdevez then they had Lunch at school, in Ponte de Lima. They also visited the International Garden Festival and they had a bike tour on the Limassol River. The activities ended and then the students returned back to school and to their host families.

Friday, 23rd of September 2022

On the fifth day, the students visited the toy museum and then they had a fun time playing sport like canoeing and other games and after that they had Lunch at the António Feijó school. In the afternoon there was the third workshop when the students produced natural fertilizer from coffee in the schools biology and chemistry laboratory. Then they got the Erasmus certificates and at the end of the day they had dinner at an elegant restaurant where they had a party and returned late to their host families.

Students' perspective

❑ **Bolog Diana:**

The experience in Portugal was very special and I liked it very much, the host family was the best and the activities were fun, I met a lot of great people and I made a lot of friends from many countries. I loved the Erasmus experience!

❑ **Bușa Denisa:**

For me it was an opportunity to meet new people, to make friends and to learn about the environment. It was one of the funniest weeks in my life. I loved it.

❑ **Mureșan Luca:**

The experience in Portugal with the Erasmus Project was intriguing and I liked taking part in it, the host families were kind and the activities were fun, I met lots of new people, I made a few friends during the project. I loved the Erasmus experience and would like to take part in it again!

❑ **Bîzdoacă Oana:**

The Erasmus experience was a very beautiful one. My host family was an awesome family and I also enjoyed the workshops, the trips and the social time very much. I am thankful for the opportunity that I had and I would do it again if I could.

❑ **Herman Cristina:**

For me this experience was something I would not forget. All the activities we did and all the amazing people we met... They were all great.

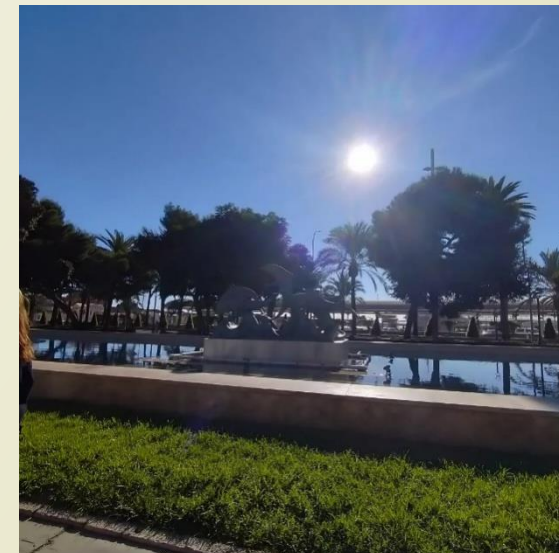

C4 Mobility

“Achieving the 3 R’s of sustainability: Reduce, Reuse, Recycle”

21 – 25 November 2022, Roquetas de Mar, Spain

Monday, 21st of November 2022

On the first day we had a welcome ceremony at school after that, we had departure to Town Hall in Roquetas de Mar and we walked around the town.

Tuesday, 22nd of November 2022

On the second day the students had a trip to the Plataforma Solar de Almeria, after that they went to the **Old mining calcination furnace in Lucainena de las Torres, Almeria.**

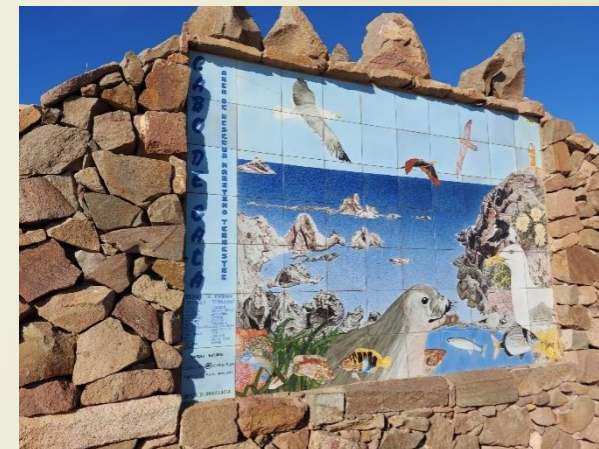

Wednesday, 23rd of November 2022

The third day, the students had a workshop and then an interesting visit to Kimatec. The Kimatec Group works to offer natural and innovative solutions in agriculture, livestock, and human consumption goods, reformulating the present and setting the foundations for a future of healthier and higher quality food.

Thursday, 24th of November 2022

On the fourth day the students went to Cabo de Gata, an amazing place to visit where students had to prepare also an activity – a photo challenge. After that all the students had a party at IES LAS MARINAS.

Step 2: Photo/Video Challenge. Try to introduce in your videos as many records or photos from the following list as you can. Will your group be able to get all of them?

 PLACES	<ul style="list-style-type: none"> - Cabo de Gata saltworks - Cabo de Gata lighthouse - Corraleje Beach - A cliff - Cabo de Gata church - Arrecife de las sirenas - Pier - Small beach (cala)
 PLANTS	<ul style="list-style-type: none"> - Dragoncillo del Cabo (Scan QR Code 1) - Zamarrilla del Cabo (Scan QR Code 2) - Clavelina del Cabo (Scan QR Code 3) - Esparto (Scan QR Code 4)
 ANIMALS	<ul style="list-style-type: none"> - Bird - Lizard - Crab
 PEOPLE	<ul style="list-style-type: none"> - Interview to a teacher - Do an easy TikTok challenge (all members of the group) - Do strength exercises (e.g. squats) - Play a traditional game/ dance (from Spain, Latvia, Romania...) - Do any action that is supposed to be creative and original
 COMPLAINTS	<ul style="list-style-type: none"> - With any spoilt structure or building (e.g. graffiti) - With a plastic bottle on the ground/floor.. - Self-criticism about plastic we use during our visit - Shortage of waste bins or overflowing bins - Badly parked car

Friday, 25th of November 2022

In the first part of the day the students went to Punta Entinas Sabinar Natural Park , where they carried out specific activities to recognize some types of plants using Google Lens.

At school they divided into groups and studied insects under a microscope.

In the afternoon, a flamenco show was organized in the school yard.

General Impressions

- ❑ It was a great experience for all of us, the first of its kind, and we all hope that we will be able to repeat it some day.
- ❑ It was nice to learn about new culture, to see new places, to meet new people .
- ❑ All this new experience, helps us to open new horizons in our lives, and to have other perspectives to see things, in our school activities, and also in our day by day life.

C5 Mobility “Mother Nature” 20 – 24 March 2023, Jelgava, Latvia

Monday, 20th of March 2023

- 📅 The first day was really busy, we had activities at school, including a workshop "Smell, touch, feel" and after that we visited the Jelgava Local Municipality Council and the students had some orienteering activities around the city.

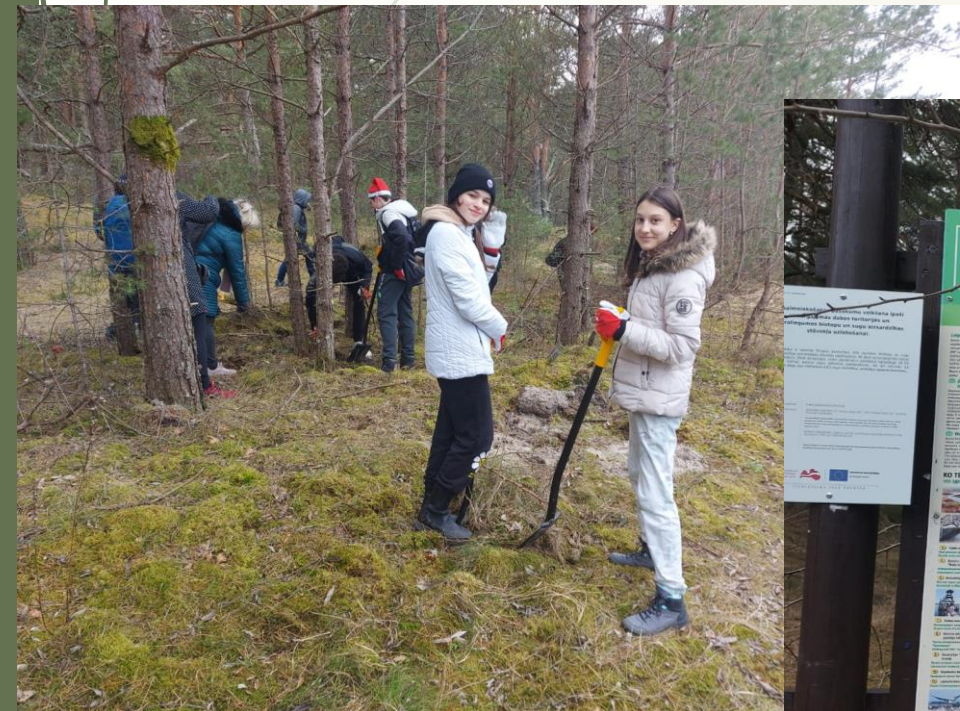

Tuesday, 21st of March 2023

- 🔍 The second day of the mobility was also dedicated to workshops, the students had to take part in different workshops, such as "I and birds in a wonderful world", "Incredible alphabet", "Making necklace of wood" and "Making musical instruments"

Wednesday, 22nd of March 2023

- ? We visited the Kemeru National Park where the students had to take part in cognitive nature activities "Do for the nature" and after that they had a learning activity "Nature parks in Jurmala city".

Thursday, 23rd of March 2023

- 📍 On the fourth day we had an interesting visit to Turaida Museum with a nice activity called "The story of Millennium". In the afternoon there was also a visit at the Deer Safari Park "More" and in the evening we had the farewell party

Friday, 24th of March 2023

On our last day in Latvia we visited the capital city, Riga, and the National Zoo in Riga. At the Zoo we had to build birdhouse stencils out of wood. At lunchtime we received our certificates of participation to the mobility and we had some free time to spend as we desired.

General Impressions

- ❓ "The opportunity to study abroad through the Erasmus program has developed my social skills and knowledge about other countries. It has also provided me with the chance to meet new people from all over the world."

C6 Mobility “Our Natural Environment”

15–19 May 2023, Kamenický Šenov,
the Czech Republic

Monday, 15th of May 2023

Crystal Day

📍 We started our first day at the school in **Kamenický Šenov**. We visited the Preciosa glass company and then we had a questing game.

Tuesday, 16th of May 2023

Bohemian Switzerland

- 📍 On the second day we visited the Jetrichovice National Park. Then we created our very own soaps at Rubens soap factory in Ruzova.

Wednesday, 17th of May 2023

Geological day

📅 We had a workshop on the third day, than we played some geological games at Panska skala. It was fun!

Thursday, 18th of May 2023

Ecological day

📍 The fourth day was full of adventure! We started the day visiting the museum in Ceska Lipa, we had so much fun at the beach in Hamr n. Jezere and ended the day partying at the school canteen.

Friday, 19th of May 2023

We are eco

- 📅 The last day was full of adventure. We descended on scooters from Panska skala to the Fire museum in Novy Oldrichov. Then, after lunch we were surprised by a powerpoint presentation of the week. We received our certificates and we also had cake. It was the perfect ending of a fun week!

General Impressions

- ?"My mobility in the Czech Republic was one of the best experiences I've ever had. The memories I've made here hold a special place in my heart, although it is tough to say goodbye, everything is extremely worth it and I'd recommend this to anyone." – **Elisa Govoreanu**
- ?"My mobility in the Czech Republic was one of the best experiences I've had so far. I had a really great time and I've formed numerous new friendships with whom I continue to communicate till this very moment. I have also gained an understanding of the significance of saving the environment. " – **Ayan Moṭ**
- ?"My time spent in the Czech Republic was truly unique and beautiful. I have been a part of wonderful activities and I have made a lot of new friends. I have learned about the importance of protecting the environment and at the same time, I have had a lot of fun. I will forever remember Kamenický Šenov and all the memories that I have created there and I wouldn't want anyone to miss this wonderful opportunity." – **Alisia Şeşureac**
