

**ERASMUS+**

2021/2022/2023

# ROMANIA

# Day 1

The first day, we started with activities in the school, we did an activity to get to know each other, we paired up for work and we asked about our likings.

In the afternoon, we walked around Arad.

## Day 2

In the morning, we did an activity about fashion. We made a dress with recycled materials.

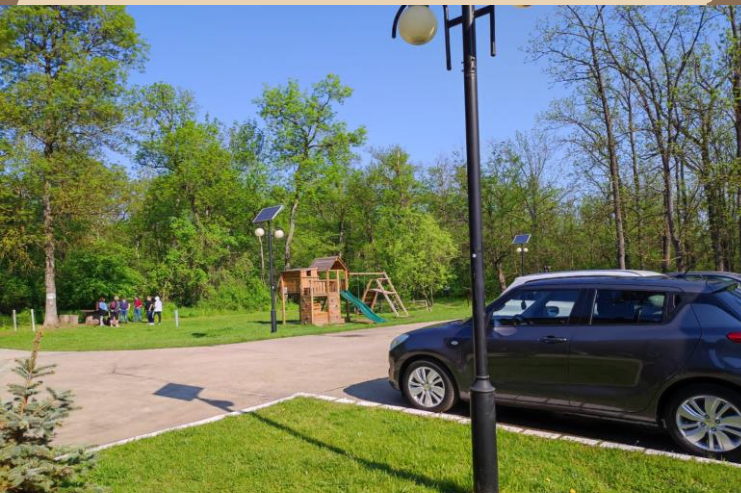

In the afternoon, we went to a botanic garden.

## Day 3

We went all the day to a natural resort, where we went cycling around the area, sang "La Ramona", watched a video about the place, and talked about the life in a house with music. It was an amusing day.

## Day 4

The fourth day, we went to a salt mine which was so far. We spent all the day there, we played mini golf, visited the place, took salt from the floor, watched a Romanian suck a salt rock, etc.

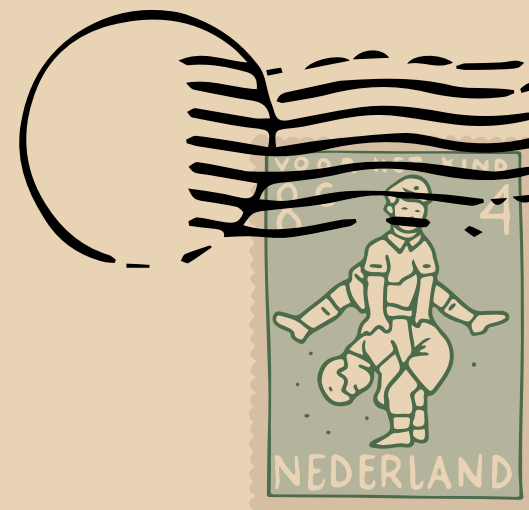

# Day 5

In the morning, we did activities and a presentation about the natural wonders of Spain.

In the afternoon/night, we did a crazy party with food, music, a place where the teachers could see how we danced, etc. We had a really beautiful time which we will never forget.

# PORTUGAL

# Day 1

On the first day we were welcomed at school with some presentations, with music and dances like the typical Spanish macarena. After that, they took us to see the most typical things in Ponte de Lima with the famous bridge, which was formerly a women's prison, sculpture, etc. After that, they took us to school again for lunch time. After that, everyone went with their host family to spend the afternoon.

## Day 2

On the second day we made "print nature", which consisted of designing our tote bags with thongs from nature. After that, they took us to a farm where we were going to stay all night. They taught us about animals, plants and their different types and uses. Then we went to the farm pool, they took us to a restaurant for dinner and finally we saw the stars and the planets like Saturn and Jupiter.

## Day 3

The third day was very interesting too and we had lots of fun. We went near the beach and did some activities regarding nature in class. We learned some things about our mates' school in Portugal.

## Day 4

On the fourth day we  
went to the science park,  
They showed us a 3D  
Video

They also taught us  
Things about prehistory  
And at night  
We went to a restaurant  
In the middle of the  
mountain to  
have dinner and then we  
had a party with lots of  
music.

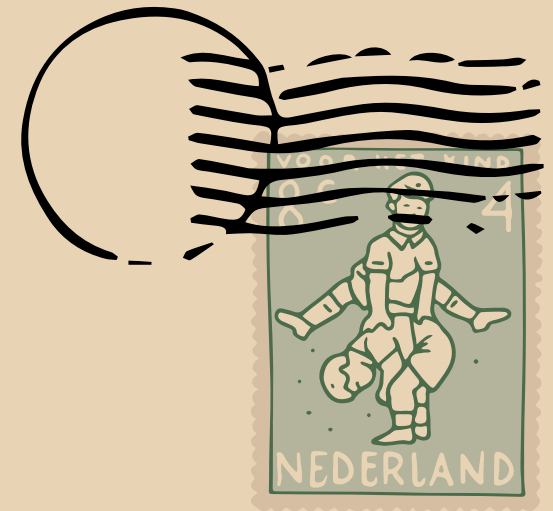

## Day 5

This day we started doing an activity on experiments with the physics and chemistry teacher in Portugal. Then we went to a very popular river in Ponte de Lima and we did the most popular sport of Ponte de Lima, which is kayaking and it was a very fun experience. Then they gave us the certificates. Finally we went to pick up some corn that they had grown in the school and if you got a black you would receive a prize

# ICELAND

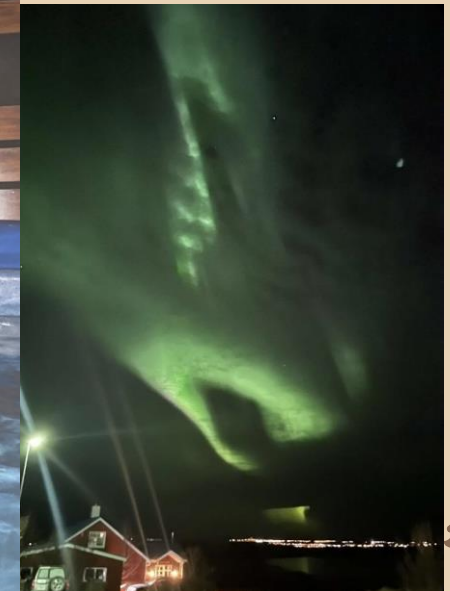

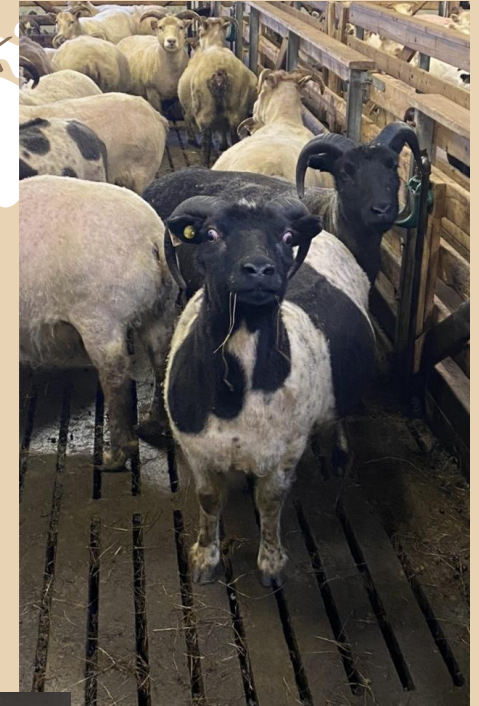

# Day 1

The first day we spent in Iceland we couldn't do the activities we had to do because there was a storm and we couldn't leave the house, and to entertain ourselves we played board games.

In the afternoon the storm stopped and we went to a farm to see goats and cows, there we saw how they were cared for, fed and sheared.

At the end of the day we were able to see the northern lights while we took a bath in a jacuzzi outside the house.

## Day 2

The second day we started with the activities that we could not do on day 1 due to the storm. We were divided into 3 groups. We did activities such as: swimming in the pool, making typical icelandic bread and playing a team game.

In the afternoon, the Erasmus children went to some hot springs and made snowmen.

## Day 3

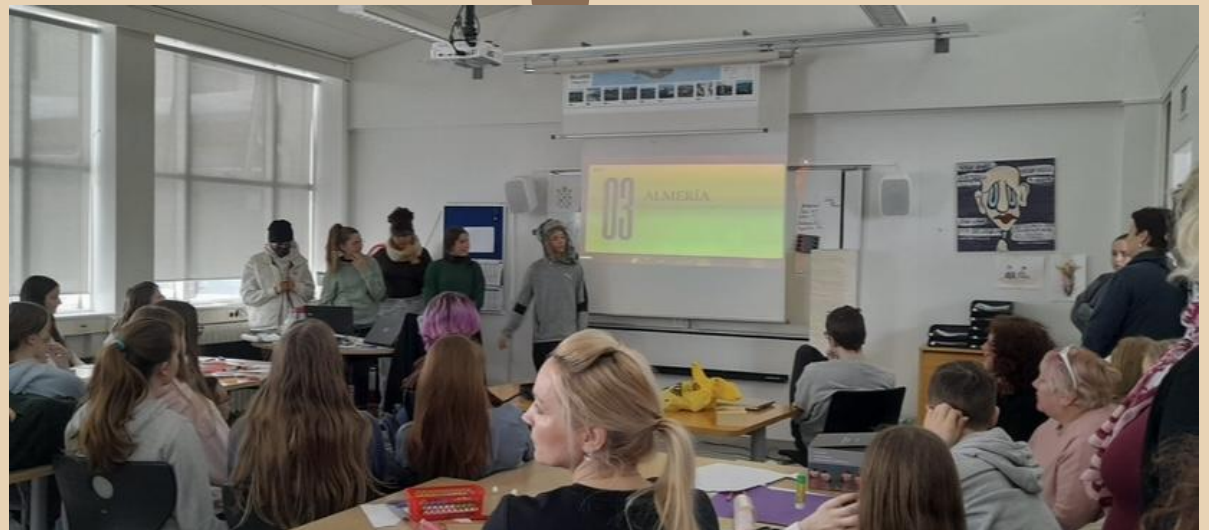

On wednesday, it was snowing a lot, we went to a river near Reykholt and later we divided into groups to enter a cave, in that cave they told us the story about Iceland and how they found that cave. In the afternoon we went to a town near the capital called Borgarnes where we went to the gym to spend time with friends and then went to a party/karaoke that they were hosting.

## Day 4

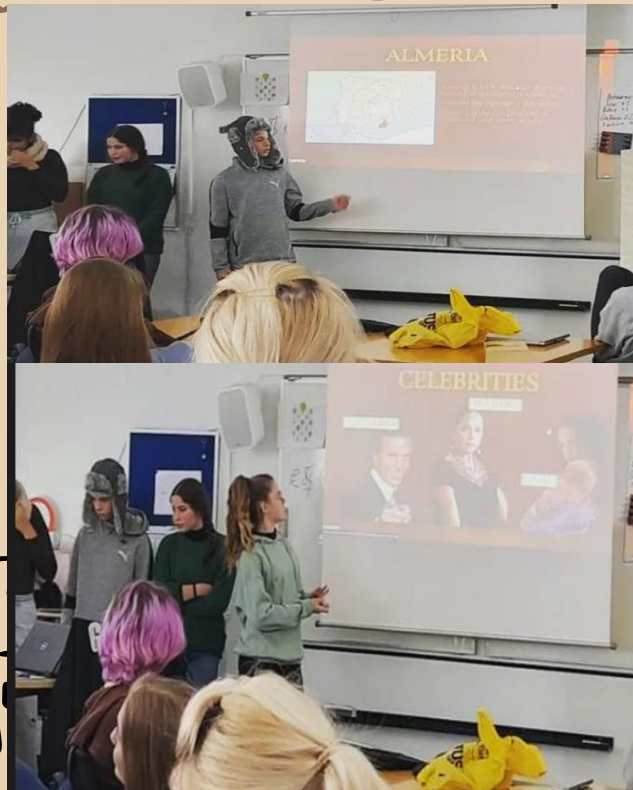

On Thursday morning, we worked in groups with the other students in our presentations. Later, in the afternoon we had free time with our host family and some of us went to visit the church of our town. Finally, we had a party for the Czech students because they had to return to their country earlier but unfortunately some of us couldn't go to the party because of the bad weather.

# Day 5

In the morning we met at the high school and introduced our countries, province and school. Then we headed home to pack our things and said goodbye.

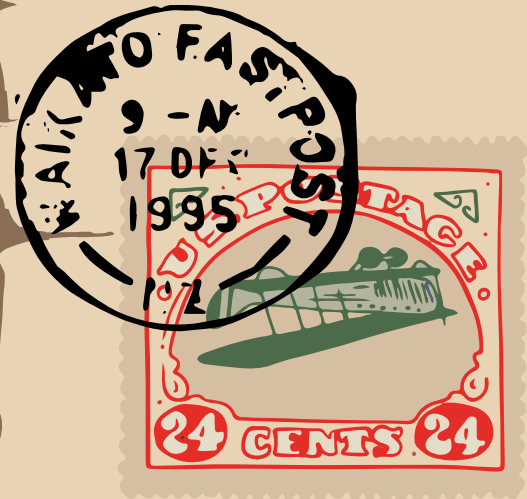

We attended the farewell party which lasted a few hours. After the party, we stayed at the school to wait for the bus to go to the airport and in the end we ended up taking the bus and saying goodbye to Iceland.
