What is Prognosis System?

Prognosis Box

- ❖ reads multiple types of energy meters
- ❖ small and portable
- ❖ doesn't require any changes to energy meter
- ❖ automatically sends data to Prognosis Cloud

**24h active and reactive
power monitoring**

Reading historical data

**Automatic alarms and
notifications
for anomalies**

**Predicting energy production
and usage**

**Verification of energy meter
configuration and invoices from
previous months**

**Energy usage and cost
management from multiple
energy consumption points**

**Automatic selection of optimal
parameters**

**Recommending solar panels
and energy storage**

PARK
NAUKOWO-TECHNOLOGICZNY
POLSKA-WSCHÓD W SUWAŁKACH

**Analyze historic
energy profile**

**Propose optimal
distribution
parameters**

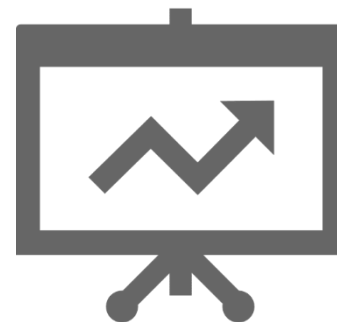

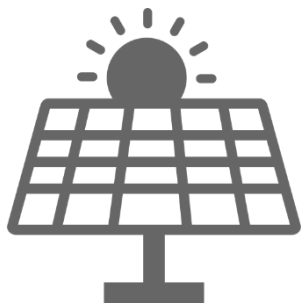

**Verify historic and
current energy invoices**
