

Porto Portugal

By Antra Embrekša

Mērķis Goal

Galvenais šī kursa mērķis – sniegt zināšanas, pašapziņas stiprināšanā, lai stimulētu radošumu, iekļaujot to skolas vidē, mācību programmās, atraisīt radošumu sevī un jauniešos, kurus mēs mācām.

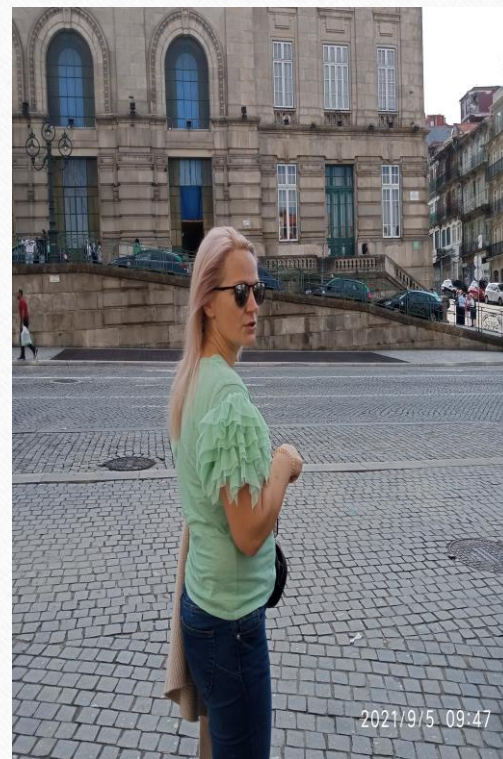

Main goal of the course

This course goal is to provide teachers with the know-how and the self-esteem to incorporate this stimulating creativeness into their curriculum and school environment unlocking creativity – both in themselves and in young people.

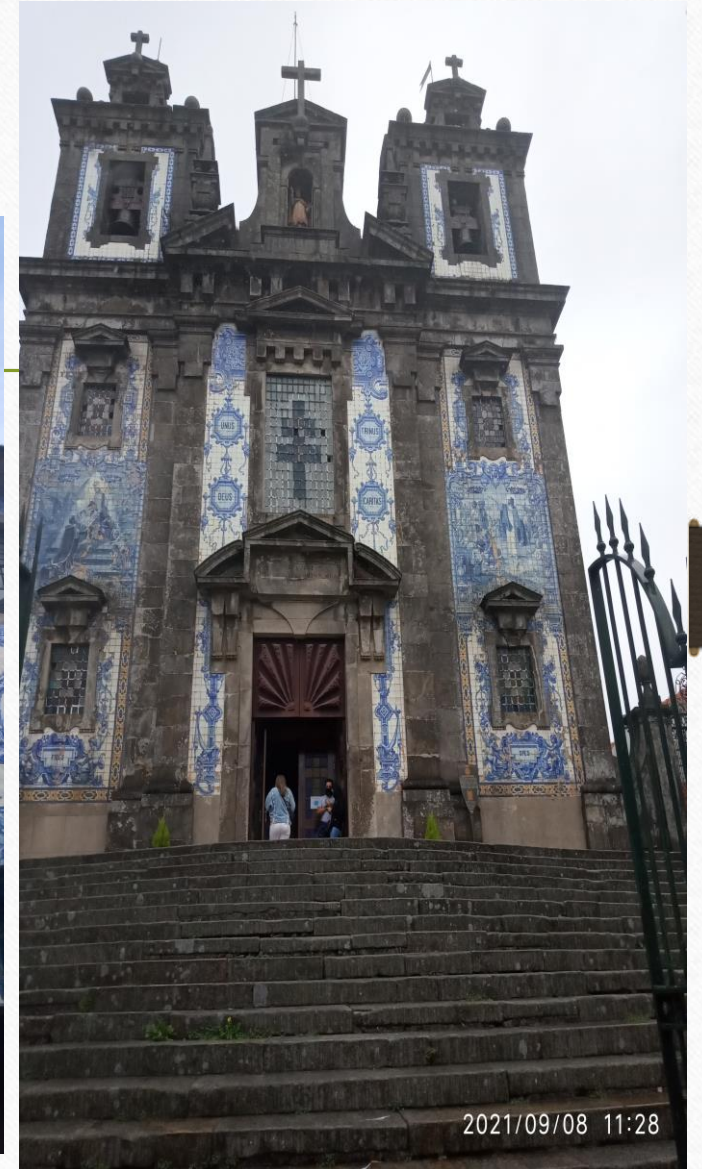

Ielidošana

Svētdiena. Iepazīstam Porto, Atlantijas okeānu.

CERTIFICATE

Learning Together, Sinerconsult's Erasmus Courses department, certifies that **Antra Embrekša**, has attended and completed the ERASMUS+ course **Design Thinking for the Greater Good** from 5th-10th September 2021, and with the following objectives:

- Understand and describe the design thinking process;
- Promote and foster a culture of creativity;
- Teach participants innovative processes with creative confidence and a positive growth mindset;
- Help participants develop their natural creativity by acquiring new competences;
- Support participants by practicing skills that improve self-confidence and their profile as educators;
- Help participants improve mental flexibility and intuition;
- Help participants improve their improvisation skills in order to better adapt themselves to the current teaching dynamics and environment;
- Show participants how to create opportunities and carry out projects with confidence, obtaining better results from their own knowledge;
- Apply design thinking methods to a real-world problem (students' education and learning process);
- Improve communication skills in English;
- Promote intercultural awareness and share ideas with culturally-diverse peers.

PORTUGAL, MADR, on 10th September 2021
